After you figure out your goal, you need to determine what your audience's need is for your ebook. For example, does your guide solve a particular drawback? If it does, and solves it in a way that hasn't been written about in 100 different ebooks, you will be in a position to obtain high sales at

a excessive price. In case your guide solves an issue or answers questions in a brand new and distinctive means, you must value your book as high as you can go. If you want to see giant income over buyer draw, aim for an audience that is in search of simple options to their problems at a low price. If your book is aimed toward solving one explicit problem rather than basic advice, then you possibly can cost more. Begin on the highest worth the market will bear to usher in the largest earnings, and plan to discount the book a variety of times throughout the year.
