Begin on the highest value the market will bear to bring in the largest earnings, and plan to discount the e book a number of times throughout the year.

Marketing Strategies

The key that unlocks the sales potential of your e book is to find a single sentence that turns into your selling handle. An efficient technique for figuring out a value is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the brand new ebook, but do not embrace a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out costs by making a number of duplicate sales pages with different prices on each page. Make certain your sales copy is precisely the similar on every page, and

includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum value is.
