One other technique is to test out costs by making a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is exactly the same on

each web page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. This will inform you what your optimum worth is.

Finally, in the event you've written a e-book that solves a downside or presents a new method, your e-book will herald both site visitors and profits.
