Start at the highest worth the market will bear to bring in the largest income, and plan to low cost the book a number of times throughout the year.

Marketing Strategies

Besides promoting your books assiduously on-line, there are several other strategies that may make it easier to promote more books.

One is to present something away free of charge together with your ebook, reminiscent of a priceless bonus item. Or bundle a number of ebooks below one price, which lowers the value for each e book if they have been bought separately.

If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the new e book, but do not embrace a worth on that page. Instead, add plenty of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out prices by creating a number of duplicate sales pages with completely different costs on each page. Make sure that your sales copy is strictly the similar on

each web page, and includes your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum price is.

Finally, if you happen to've written a book that solves a problem or presents a new approach, your book will usher in both site visitors and profits.
