Determine in case your goal is to get wide distribution and maximum exposure. This purpose is geared toward drawing prospects to what you are promoting or service, or to establishing the credibility of your reputation. If that is your fundamental objective, you should goal to maintain your value on the low side. Some authors have even priced their ebooks at a profit loss to draw a excessive number of new customers. After you figure out your goal, you will need to determine what your audience's want is in your ebook. For instance, does your ebook resolve a specific problem? If it does, and solves it in a manner that hasn't been written about in one hundred different ebooks, you will be able to obtain excessive sales at a excessive price. In case your e-book solves a problem or solutions questions in a new and unique way, you must price your ebook as high as you may go. If you want to see large profits over customer draw, aim for an audience that is looking for easy options to their issues at a low price. If your e-book is aimed toward fixing one specific problem quite than common recommendation, then you may charge more. Start on the highest worth the market will bear to usher in the largest income, and plan to discount the book a number of instances throughout the year.

Marketing Methods

The key that unlocks the sales potential of your e book is to find a single sentence that turns into your selling handle. An efficient method for figuring out a value is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the brand new ebook, however do not embody a worth on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Make certain your sales copy is precisely the identical

on each web page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum price is.

Finally, for those who've written a guide that solves a drawback or presents a brand new approach, your e-book will bring in each site visitors and profits.
