An efficient method for figuring out a price is to ship out a survey to your present customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new e book, but do not embody a value on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by creating a number of duplicate gross sales pages with different prices on every page. Be sure that your gross sales copy is exactly the same on each web

page, and contains your selling-handle sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum worth is.

Ultimately, in case you've written a ebook that solves a downside or presents a brand new method, your guide will usher in each site visitors and profits.
