If these customers have already bought an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the new e book, but do not embody a price on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with different costs on each page. Make sure that your sales copy is strictly the identical on each web page, and

consists of your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your website and sales of your book. This may let you know what your optimum worth is.
