An effective method for figuring out a value is to send out a survey to your present customers. If these prospects have already purchased an e book from you, ask for their opinion in terms of price. Do that by creating a sales web page for the brand new guide, but don't include a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by creating a number of duplicate sales pages with different prices on each page. Make sure that your sales copy is strictly the identical on each page, and

contains your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum price is.

In the end, if you happen to've written a e-book that solves a drawback or presents a new method, your e book will bring in both site visitors and profits. So remember to write that promoting-deal with sentence that sums up what downside your e book solves and what the advantages of your 225 e-book can be to the purchasers who purchase it.
