The key that unlocks the sales potential of your book is to find a single sentence that turns into your selling handle. This sentence states what question or drawback your book answers and the advantages your e-book can provide. Then be sure you use that sentence in every piece of gross sales

and promotional materials, and each time anyone asks you about your ebook.

An effective technique for determining a value is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for their opinion by way of price. Do that by making a gross sales page for the brand new book, but don't include a price on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out costs by making a variety of duplicate gross sales pages with different prices on every page. Make sure your gross sales copy is precisely the same on every web page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum value is.

Ultimately, should you've written a e-book that solves a problem or presents a new technique, your e-book will usher in both visitors and profits.
