An effective approach for determining a value is to send out a survey to your present customers. If these clients have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a sales page for the new e-book, however do not embrace a price on that page. Another strategy is to test out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Ensure your gross sales copy is exactly the similar on each page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum worth is.

In the end, if you've written a book that solves a drawback or presents a brand new method, your guide will bring in each visitors and profits.
