An effective method for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion when it comes to

price. Do that by making a gross sales web page for the new guide, however do not include a worth on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with different prices on each page. Make sure your sales copy is strictly the identical on every page, and consists of your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum price is.

Ultimately, in case you've written a e book that solves a downside or presents a new approach, your e book will bring in each visitors and profits.
