An effective method for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an book from you, ask for their opinion when it comes to price. Do this by making a sales page for the brand new ebook, however don't include a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with totally different costs on each page. Be certain that your gross sales copy is exactly the identical on

every page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum value is.

Ultimately, if you've written a ebook that solves a problem or presents a new method, your ebook will herald both traffic and profits.
