Instead, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with different prices on each page. Be sure your sales copy is precisely the identical on every web page,

and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum price is.

Finally, if you've written a guide that solves a downside or presents a new approach, your e-book will herald both traffic and profits.
