Advertising Strategies

Then make sure to use that sentence in each piece of gross sales and promotional materials, and every time anybody asks you about your ebook.

Besides selling your books assiduously online, there are a number of different strategies that can

enable you to sell more books.

One is to offer something away at no cost with your ebook, akin to a valuable bonus item. Or bundle several ebooks underneath one price, which lowers the price for every book if they were bought separately.

An effective approach for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the new guide, however do not embrace a value on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out costs by making a number of duplicate sales pages with different costs on each page. Make certain your gross sales copy is exactly the same on each web page, and includes your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum price is.

In the end, if you've written a guide that solves a drawback or presents a new method, your guide will bring in both site visitors and profits. So be sure to write that promoting-handle sentence that sums up what drawback your e book solves and what the advantages of your 785 ebook will probably be to the purchasers who buy it. And then watch your market come to you!
